## What our customers say...

We have been proud to receive the following testimonials from our clients regarding the quality of our work...

“Professional and enhancing... I would have no hesitation in recommending your company to third parties thinking of external decorations...” *W Bailey*

“Felt like family - missed them when they finished!! Did a wonderful job, just as promised, No nonsense...” *S Gegg*

“Excellent job, not the cheapest quote, but middle of the road. However, well pleased with the choice we made and the quality of work and Simon’s project management skills made our entire new house purchase turn into our dream home. I can only thank Simon and wish him continued success...” *E Leleu*

“The work was completed on time and to a high standard of workmanship. Materials used appear to be of excellent quality with no visible deterioration to date in spite of the prolonged spell of inclement weather which included violent storms and lashing salt laden rain.

A special mention must be made concerning the operatives employed on the project. They were polite, courteous, considerate and must be congratulated for a thoroughly professional result.”

“We would like to thank you and your staff for the excellent job you made of our external decorating. You did exactly as you promised, you turned up when you said you would and we are absolutely delighted with the quality of the work. We would be more than happy to recommend you to anyone...”

*Graham and Lorraine Seymour*
